

September 1st-30th at McConnell Springs

In celebration of pollinators, work alongside park staff to create a snapshot of local wildlife and contribute to scientific inventory of pollinator species.

How to Participate:

-Download the iNaturalist app

-Create a profile

-Observe an individual organism such as a bee, butterfly, beetle, plant, etc. and take a clear full frame photo

-Upload your observation!

-Find and join the project "Parks for Pollinators 2022: McConnell Springs"

***All observations made at McConnell Springs will be automatically added to the project page**

Join us for these in person events:

-September 11th—Wildflower Walk—2pm

-September 17th—Junior Naturalist—10am (for kids K-5th grade)

-September 18th—Nature Hop Pollinator Search—2pm

-September 25th—Tree Walk—2pm
