

# Village of Schiller Park

Schiller Park, IL

Mayor Chad Meyers

## Pledge Summary

The Village of Schiller Park is a tight-knit community of about 11,000 residents. This community falls right in between the Schiller Woods and the O'Hare Airport. The Village would like to create more monarch friendly spaces in Schiller Park while bringing the community together and sharing important conservation information. The National Wildlife Federation has been amazing with giving us guidance and resources to reach these efforts and we look forward to their continued partnership and benefits.
