

City of Rolla

ROLLA, MO

Mayor Louis J Magdits

Pledge Summary

Rolla, MO is located in south central Missouri - home to MO University of Science and Technology and surrounded by the Mark Twain National Forest and the Ozarks. Mayor Magdits remains committed to promoting healthy habitat for monarch butterflies, bees and other pollinators including the signing of the Mayor's Monarch Pledge. Working in partnership with the City Parks Department and City Public Works Department as well as Master Gardeners and the local Audubon Society we look forward to promoting better habitat throughout the Rolla area.

Action Items Committed for 2022

Communications and Convening

- Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species' need for habitat. This proclamation must incorporate a focus on monarch conservation.
- Engage with gardening leaders and partners (e.g., Master Naturalists, Master Gardeners, Nature Centers, Native Plant Society Chapters , other long-standing and influential community leaders) to support monarch butterfly conservation.

Program and Demonstration Gardens

- Host or support a native seed or plant sale, giveaway or swap.
- Display educational signage at monarch gardens and pollinator habitat.

Action Items

In total, how many individuals have been reached through the Mayors' Monarch Pledge in your community this year (Jan-Dec)? Please limit your answer to only the number of individuals reached in the answer field below (e.g., 50).

500

Of the total number of individuals engaged, how many youth (0-18) were reached through the Mayors' Monarch Pledge in your community this year (Jan. - Dec.)? If none, please write 0." (Only allow numerical values.)

400 adults, 100 youth

In total, how many acres of monarch habitat have been created in your city in the last 12 months? Please limit your answer to only the number of acres in the answer field below (e.g., 3).

1

Where is your habitat being created? This may include residences (yards, containers, balconies, etc.), schools, places of worship, rights-of-way, roadsides, community gardens, culturally-significant locations, shared public spaces and common areas or parks.

residences, parks, green space near business development

How are you leveraging the Mayors' Monarch Pledge program to engage marginalized communities, such as low-income communities or communities of color?

As Rolla is a rural community of just around 20,000, we work to engage all citizens in this effort.

What was your community's motivation for taking and continuing to work on the Mayors' Monarch Pledge?

Realizing the vital role in the delicate balance of the eco system that pollinators play, it's important for our future to educate and protect. Further, we can work to appreciate the majesty of the Monarch aesthetically.

What resources have been most helpful to you thus far and what new resources would you like to see to help meet your goals? What resources would be useful to help expand equitable engagement in community processes and access to high-quality, usable nature?

University of Missouri Phelps County Extension, Missouri Department of Conservation, Missouri Prairie Foundation, Rolla Bee Club, Master Gardeners, Master Naturalists, DJM Ecological Services

What else should we know about your monarch butterfly conservation efforts over the last year?

Volunteers hosted various educational outreaches to clubs, organizations.
