

City of Fort Collins

Fort Collins, CO

Mayor Emily Francis

Pledge Summary

The City of Fort Collins sits nestled against the foothills of the Rocky Mountains alongside the banks of the Cache La Poudre River, and is known to host a diversity of butterflies and pollinators. The many Natural Areas and Parks in Fort Collins provide habitat for Monarch butterflies and other pollinators. In addition, the Nature in the City program encourages habitat linkages throughout the city on non-city lands. With these programs in place, the Mayor commits to supporting the monarch butterfly and other pollinators by signing of the Mayor's Monarch Pledge and looks forward to engaging the community in building more pollinator habitat throughout Fort Collins.
