

City of Decatur

Decatur, GA

Mayor Tony Powers

Pledge Summary

Decatur GA is an urban city in the Atlanta metro region with a population of around 27,000 people in 4.5 sq mi. There are several community gardens in Decatur, including two on city-owned property. We are a Tree City USA and a Tree City of the World. Decatur was recognized as the first BeeCity in Georgia in July 2016 and has established two bee habitat gardens. Signing the Mayor's Monarch Pledge is another opportunity for the city to commit to additional conservation efforts and is supported by the city's Active Living Board and the Environmental Sustainability Board. We look forward to continuing our work to educate the community about strategies to conserve monarchs and to taking steps to establish additional natural habitats for monarch butterflies.

Action Items Committed for 2025

Communications and Convening

- Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species' need for habitat. This proclamation must incorporate a focus on monarch conservation.
- Engage with city parks and recreation, public works, sustainability, and other relevant staff to identify opportunities to revise and maintain mowing programs and milkweed / native nectar plant planting programs.

Program and Demonstration Gardens

- Host or support a native seed or plant sale, giveaway or swap.
