Village of Bloomingdale

Bloomingdale, IL

Village President Franco Coladipietro

Pledge Summary

The Village of Bloomingdale is located in DuPage County, Illinois, about 25 miles west of downtown Chicago with a population of approximately 22,000 people. The Village participates in the DuPage Monarch Project, has been named a Tree City, USA for over 25 years and is committed to participating in environmental initiatives that help with monarch and pollinator conservation.

Action Items Committed for 2024

Communications and Convening

- Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species' need for habitat. This proclamation must incorporate a focus on monarch conservation.
- Launch or maintain a public communication effort to encourage residents to plant monarch gardens at their homes or in their neighborhoods. (If you have community members who speak a language other than English, we encourage you to also communicate in that language; Champion Pledges must communicate in that language.)

Program and Demonstration Gardens

- Add or maintain native milkweed and nectar-producing plants in gardens in the community.
- Display educational signage at monarch gardens and pollinator habitat.

number of individuals reached in the answer field below (Enter WHOLE NUMBERS only.).

2500

Of the total number of individuals engaged, how many youth (0-18) were reached through the Mayors' Monarch Pledge in your community this year (Jan. - Dec.)? If none, please write 0." (Enter WHOLE NUMBERS only.)

150

In total, how many acres of monarch habitat have been created in your city in the last 12 months? Please limit your answer to only the number of acres in the answer field below (e.g., 3). Note: 1 acre = roughly the size of a football field.

0

Where was the habitat created this year? Example locations may include residences, schools, places of worship, rights-of-way, roadsides, community gardens, shared public spaces, and more.

In 2023, we designated a public space, installed and maintained a Monarch Waystation/Butterfly Garden that also houses a Rock Garden Snake with rocks painted by the community to also heighten awareness of the garden, located on the side of our Village Hall. We also have a table and seating nearby for the community to enjoy. Additionally Public Library and Open Spaces as well as a Public Park and off of parking lot. In 2024, this area were maintained.

How are you leveraging the Mayors' Monarch Pledge program to engage marginalized communities, such as low-income communities or communities of color?

Community Gardens engaged multiple communities

What was your community's motivation for taking and continuing to work on the Mayors' Monarch Pledge?

A true concern for the diminishing population of Monarch Butterflies as well as pollinators

What resources have been most helpful to you thus far and what new resources would you like to see to help meet your goals? What resources would be useful to help expand equitable engagement in community processes and access to high-quality, usable nature?

This website has been a wonderful resource as well as collaborating with other community organizations as the Park District and Library who had already done some research on their own. Additionally, we remain involved with the DuPage Monarch Project. We have utilized Monarch Watchhttps://monarchwatch.org/ which is informative as well.

What else should we know about your monarch butterfly conservation efforts over the last year?

We have involved our Public Works Team to assist in these efforts, in particular with the village hall space. The project was paired with another endeavor of creating a Rock Snake that "protects" our butterfly garden. The rock snake was created by families with children painting rocks at the library. This really expanded our audience and awareness to the library staff, the local families and especially children, who can be the generation that could potentially make the biggest impact. The area was maintained throughout the year.

Selected Action Items

Launch or maintain a public communication effort to encourage residents to plant monarch gardens at their homes or in their neighborhoods. (If you have community members who speak a language other than English, we encourage you to also communicate in that language; Champion Pledges must communicate in that language.)

Upload any relevant documents, images, or other attachments related to your effort on this action.
