Pledge Summary

The City of Rochester, Michigan, is proud to be a Monarch Champion City for four consecutive years, demonstrating our strong commitment to monarch and pollinator conservation. Rochester supports the planting of native milkweed and pollinator-friendly species in parks and public spaces while encouraging residents, schools, and community partners to create habitat throughout the community. Through public education, volunteer engagement, and sustainable landscape practices, the City continues to expand and protect pollinator habitat each year. Our ongoing Monarch Champion designation reflects Rochester's dedication to environmental stewardship and to building a healthier, more resilient environment for future generations.
