Village of Hawthorn Woods

Hawthorn Woods, IL

Mayor Dominick DiMaggio

Pledge Summary

The Village of Hawthorn Woods, Illinois, located just 35 miles north of the City of Chicago with approximately 9,062 residents, is an upscale, friendly “rural by design” community. As a certified Bee City USA and Tree City USA affiliate, an Audubon International Sustainable Community, and an International Dark Sky Community, the Village is fiercely committed to protecting our natural resources, boasting twenty-four park sites and four pollinator habitats – Brierwoods Preserve, Meadowlark Park and Arboretum, Indian Creek Preserve, and the Hawthorn Heritage Outdoor Museum Trail. Mayor Dominick DiMaggio of the Village of Hawthorn Woods, Illinois, has committed to saving the Monarch butterfly and other pollinators with the signing of the Mayors’ Monarch Pledge and looks forward to expanding pollinator environments throughout the community.

Action Items Committed for 2024

Communications and Convening

- Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species’ need for habitat. This proclamation must incorporate a focus on monarch conservation.

Program and Demonstration Gardens

- Host or support a native seed or plant sale, giveaway or swap.
- Launch, expand, or continue an invasive species removal program that will support the re-establishment of native habitat for monarch butterflies and other pollinators.

Action Items

Created with the DynamicPDF Essentials Edition. [u384:v1.14.0.49966]

In total, how many acres of monarch habitat have been created in your city in the last 12 months? Please limit your answer to only the number of acres in the answer field below (e.g., 3). Note: 1 acre = roughly the size of a football field.

.5

What was your community's motivation for taking and continuing to work on the Mayors' Monarch Pledge?

As a proclaimed waystation for the Monarch butterfly, the Village of Hawthorn Woods remains steadfast in our commitment to sustainable environmental stewardship.

What resources have been most helpful to you thus far and what new resources would you like to see to help meet your goals? What resources would be useful to help expand equitable engagement in community processes and access to high-quality, usable nature?

The Village of Hawthorn Woods is proud to partner with the Illinois Monarch Project to educate, inform, and advocate for the further establishment of pollinator habitats in residential communities. As a new resource, the Village would welcome funding opportunities through the Illinois Department of Natural Resources and the Illinois Department of Agriculture. A useful resource would be a central database of all non-profit organizations involved in Monarch preservation activities throughout the Chicagoland area.

In total, how many individuals have been reached through the Mayors' Monarch Pledge in your community this year (Jan-Dec)? Please limit your answer to only the number of individuals reached in the answer field below (Enter WHOLE NUMBERS only.).

9062

Where was the habitat created this year? Example locations may include residences, schools, places of worship, rights-of-way, roadsides, community gardens, shared public spaces, and more.

Native pollinator seed planting, invasive buckthorn removal, and tree replacement takes place on a continuous basis from March to October each year throughout our 24-park system.

How are you leveraging the Mayors' Monarch Pledge program to engage marginalized communities, such as low-income communities or communities of color?

The Village of Hawthorn Woods Brierwoods Preserve, Meadowlark Park and Arboretum, Indian Creek Preserve, Community Park, and Heritage Oaks are five public parks consisting of pollinator habitats, open year-round from sunrise to sunset, accessible to all mobilities.

Of the total number of individuals engaged, how many youth (0-18) were reached through the Mayors' Monarch Pledge in your community this year (Jan. - Dec.)? If none, please write 0." (Enter WHOLE NUMBERS only.)

2647

What else should we know about your monarch butterfly conservation efforts over the last year?

Pollinator seed packets are provided, free of charge, to the many residents and visitors that attend our annual outdoor special events, such as: Concerts in the Park; Movies in the Park; Bark in the Park; and Party in the Park. The seed packets are distributed by our America in Bloom Committee, composed of resident volunteers.

Selected Action Items

Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species' need for habitat. This proclamation must incorporate a focus on monarch conservation.

Date of Proclamation:

January 22, 2024

Title of Proclamation (i.e. – Monarch Day or Pollinator Week):

Village of Hawthorn Woods Reaffirms Commitment as a Monarch Butterfly Way Station Community

Upload a copy of your proclamation.

2024 Monarch Butterfly Way Station Community Signed Proclamation 1.22.2024.pdf

Host or support a native seed or plant sale, giveaway or swap.

How many people attended your event? (Enter WHOLE NUMBERS only)

650

What community organizations, groups, or leaders (if any) did you partner with or engage to host the event?

The Village of Hawthorn Woods Sustainability Committee and Hawthorn Woods in Bloom Committee assisted the Village in hosting the event at our Aquatic Center. Two Village trustees also volunteered for the event.

Upload any relevant documents, images, or other attachments related to your effort on this action.

Arbor Day Tree Sapling Give-Away 5.4.24.jpg

How many plants were sold and/or given away at your event? (Enter WHOLE NUMBERS only)

A total of 650 native pollinator seed packets were distributed for FREE during our Arbor Day Tree Sapling Giveaway on May 4, 2024.

Launch, expand, or continue an invasive species removal program that will support the re-establishment of native habitat for monarch butterflies and other pollinators.

What is the total acreage of land treated to remove invasive plants? Note: 1 acre = roughly the size of a football field.

8.5

Please describe the extent of revisions or maintenance to invasive species removal programs, as well as the practices or techniques used to remove the invasive plants.

All invasive buckthorn and teasel are painstakingly removed by hand, including all root systems. This extensive invasive removal is conducted by our Parks Crew and numerous volunteer groups, such as: Friends of Indian Creek Wetlands; Hawthorn Woods in Bloom Committee; Hawthorn Woods Sustainability Committee; Stevenson High School Green Team; and the Rotary of Long Grove/Kildeer/Hawthorn Woods.
