Town of Trenton

Trenton, ME

Chairman, Board of Selectmen Fred Ehrlenbach

Pledge Summary

The Town of Trenton is located on the last point of mainland before entering Mount Desert Island. As such, it is truly the “Gateway to Acadia National Park”. The Trenton Bridge looks out on a view that has thrilled hundreds of thousands of travelers.The Town was incorporated in 1789 and was named in honor of George Washington’s battle in Trenton, New Jersey. In 1776 a settlement was organized by Ebenezer Thorndike. Trenton has a long tradition of the sea that continued through the 1800’s as shipbuilding and shipping prevailed in addition to lumbering, farming, and, of course, lobstering. Since 2022, the Town of Trenton has supported efforts to conserve the monarch butterfly and other pollinators by encouraging residents to plant native wildflowers on private and public land.
