Town of New Castle

Chappaqua, NY

Mayor Victoria Bayard Tipp

Pledge Summary

As described in the Town of New Castle 2017 Comprehensive Plan, New Castle's land area is comprised mainly of bucolic, low-density residential neighborhoods. Of the Town's approximately 15,000 acres, 14,488 acres are zoned for single-family residential use, and of these, 91% (13,194 acres) have one- or two-acre minimum lot sizes. This low-density residential development pattern, derived from the Town's zoning, has helped to maintain scenic vistas, large lots, areas of open space quality, and forested and undisturbed swaths of land that characterize the Town's neighborhoods. Preservation of the bucolic residential character of the community's neighborhoods is a priority to New Castle's residents, as reflected in our 7-Year Tree City USA designation from the Arbor Day foundation, Bee City USA designation from the initiatives of the Xerces Society for Invertebrate Conservation and completion of the Town of New Castle Natural Resources Inventory.

Action Items Committed for 2026

Communications and Convening

- Launch or maintain a public communication effort to encourage residents to plant monarch gardens at their homes or in their neighborhoods. (If you have community members who speak a language other than English, we encourage you to also communicate in that language; Champion Pledges must communicate in that language.)

Program and Demonstration Gardens

- Plant or maintain a monarch and pollinator-friendly demonstration garden at City Hall or another prominent or culturally significant community location.

Systems Change

- Reduce or eliminate the use of herbicides, pesticides, or other chemicals that are harmful to monarchs and pollinators and urban wildlife.
