Town of Penfield

Penfield, NY

Town Supervisor Jeff Leenhouts

Pledge Summary

The Town of Penfield is located in New York State with a population of just under 40,000. On the outskirts of the City of Rochester Penfield has 10 town owned parks including approximately 390 acres of land. Penfield strives to be a good steward of the environment and has a sustainability committee that focuses on energy and environmental conservation. Supervisor Leenhouts and the Penfield Town Board are dedicated to taking initiatives to protect native pollinators, specifically the monarch butterfly, and look forward to continuing to engage with residents through education and protection of pollinator habitat.

Action Items Committed for 2025

Communications and Convening

- Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species' need for habitat. This proclamation must incorporate a focus on monarch conservation.
- Engage with city parks and recreation, public works, sustainability, and other relevant staff to identify opportunities to revise and maintain mowing programs and milkweed / native nectar plant planting programs.

Program and Demonstration Gardens

- Facilitate or support a milkweed seed collection and propagation effort.

number of individuals reached in the answer field below (Enter WHOLE NUMBERS only.).

60

Of the total number of individuals engaged, how many youth (0-18) were reached through the Mayors' Monarch Pledge in your community this year (Jan. - Dec.)? If none, please write 0." (Enter WHOLE NUMBERS only.)

25

In total, how many acres of monarch habitat have been created in your city in the last 12 months? Please limit your answer to only the number of acres in the answer field below (e.g., 3). Note: 1 acre = roughly the size of a football field.

.25

Where was the habitat created this year? Example locations may include residences, schools, places of worship, rights-of-way, roadsides, community gardens, shared public spaces, and more.

Yards and parks

How are you leveraging the Mayors' Monarch Pledge program to engage marginalized communities, such as low-income communities or communities of color?

We're using shared public space and Color Penfield Green are sharing information at tabling events that include these groups.

What was your community's motivation for taking and continuing to work on the Mayors' Monarch Pledge?

The Town of Penfield continues to chose to keep working on the Mayors' Monarch Pledge to encourage preservation of pollinator plants and protecting the monarch as well as other pollinators.

What resources have been most helpful to you thus far and what new resources would you like to see to help meet your goals? What resources would be useful to help expand equitable engagement in community processes and access to high-quality, usable nature?

Access to the requirements and application documents made it easier to choose which items to pursue.

What else should we know about your monarch butterfly conservation efforts over the last year?

The Town has also completed a sapling give away this year that touched over 200 residents. We continue to work with community groups to complete these actions and appreciates all of the effort and support.

Selected Action Items

Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species' need for habitat. This proclamation must incorporate a focus on monarch conservation.

Date of Proclamation:

4/26/25

Title of Proclamation (i.e. – Monarch Day or Pollinator Week):

Arbor Day, April 26, 2025

Upload a copy of your proclamation.

2025 Signed Proc.pdf

Engage with city parks and recreation, public works, sustainability, and other relevant staff to identify opportunities to revise and maintain mowing programs and milkweed / native nectar plant planting programs.

How many community organizations and groups participated? Please list them below.

2

Please describe the extent of engagement with these groups and revisions/maintenance implemented for mowing or planting programs.

The Town's Sustainability Engineer and Public Works Department worked together and with the local Color Your Community Green group (CPG) to improve the Town's Meadow Mowing Program. This included timed mowing to allow milkweed and other pollinator plants to spread their seeds prior to mowing the appropriate portion of Town parks in the fall. The Town also worked with this group to organize maintenance on pollinator gardens.

Facilitate or support a milkweed seed collection and propagation effort.

Upload any relevant documents, images, or other attachments related to your effort on this action.

How many people attended your event? (Enter WHOLE NUMBERS only)

32

What species were collected or propagated?

Swamp Milkweed, Asclepias incarnata, Butterfly Weed, Asclepias tuberosa, Joe-Pye Weed, Eutrochium maculatum, Black-Eyed Susan, Rudbeckia hirta, Purple Coneflower, Echinacea, pupurea, Foxglove, beardtongue, Penstemon digitalis, Aster, Eurybia, Side-Oats Grama, Bouteloua curtipendula

What community organizations, groups, or leaders (if any) did you partner with or engage to host the event?

Scribner Elementary' s Environmental Club and Color Penfield Green

Please describe the milkweed seed collection and propagation effort that you hosted.

Town staff met with two members of Color Penfield Green (CPG) and Two adults and 25 children from the Scribner Road Elementary Environmental Club to spread seeds that were collected by the CPG members on Town Property at Shadow Pines. The area that was seeded is part of the Meadow Mowing Program and was just mowed for this year; it will not be mowed again for another two years to allow pollinator plants to take root and grow.
