City of Kyle

Kyle, TX

Mayor Yvonne Flores-Cale

Pledge Summary

The City of Kyle is in Central Texas (south of Austin) and has a population of approximately 70,000. Kyle has experienced explosive growth in recent years. Despite this rapid growth the city is committed to wildlife conservation in the face of a rapidly changing climate. This commitment has recently been solidified by the creation of the Parks Department Conservation Division whose mission is to create landscapes that pay the community back in ecosystem services rather than cost us in maintenance and ecosystem dis-services. Kyle sits along the central flyway of the monarch butterfly migration route and is dedicated to preserving and maintaining milkweed and nectar sources for the monarch's migration. This dedication has already resulted in a 100% native-only approved plant list for the city as well as pollinator demonstration gardens in high profile locations and 4 monarch way stations already installed. The Conservation Division is actively restoring native habitats of all types with specific emphasis on habitats that support local pollinators including the Monarch butterfly.

Action Items Committed for 2026

Program and Demonstration Gardens

- Plant or maintain a monarch and pollinator-friendly demonstration garden at City Hall or another prominent or culturally significant community location.
- Launch, expand, or continue an invasive species removal program that will support the re-establishment of native habitat for monarch butterflies and other pollinators.

Systems Change

- Increase the percentage of native plants, shrubs and trees that must be used in city landscaping ordinances and encourage use of milkweed, where appropriate.

Mayor Travis Mitchell	2023	3/29/2023	

Action Items

Created with the DynamicPDF Essentials Edition. [u631:v1.14.0.49966]

In total, how many individuals have been reached through the Mayors' Monarch Pledge in your community this year (Jan-Dec)? Please limit your answer to only the number of individuals reached in the answer field below (Enter WHOLE NUMBERS only.).

Of the total number of individuals engaged, how many youth (0-18) were reached through the Mayors' Monarch Pledge in your community this year (Jan. - Dec.)? If none, please write 0." (Enter WHOLE NUMBERS only.)

In total, how many acres of monarch habitat have been created in your city in the last 12 months? Please limit your answer to only the number of acres in the answer field below (e.g., 3). Note: 1 acre = roughly the size of a football field.

Where was the habitat created this year? Example locations may include residences, schools, places of worship, rights-of-way, roadsides, community gardens, shared public spaces, and more.

How are you leveraging the Mayors' Monarch Pledge program to engage marginalized communities, such as low-income communities or communities of color?

What was your community's motivation for taking and continuing to work on the Mayors' Monarch Pledge?

What resources have been most helpful to you thus far and what new resources would you like to see to help meet your goals? What resources would be useful to help expand equitable engagement in community processes and access to high-quality, usable nature?

What else should we know about your monarch butterfly conservation efforts over the last year?

Selected Action Items

Plant or maintain a monarch and pollinator-friendly demonstration garden at City Hall or another prominent or culturally significant community location.

Where is the demonstration garden located and how does this location relate to the cultural significance of the monarch (if relevant)? (Please provide an address or coordinates, if possible)

What community organizations, groups, or leaders (if any) did you partner with or engage to complete this effort?

What is the size of the demonstration garden (in acres)? Please limit your answer to only the number of acres in the answer field below (e.g., 0.5 acres). For reference, 1
