

City of Cave Spring

Cave Spring, GA

Mayor Rob Ware

Pledge Summary

Cave Spring is a small historic town in North Georgia. We have a beautiful cave and spring, that supplies the water to the city. We have a Rosalynn Carter Butterfly Garden in the downtown square. We have a very rural community with lots of farmers and gardeners, and understand the importance of our monarch butterflies and other pollinators. It is important to us that we support those pollinators.

Action Items Committed for 2023

Communications and Convening

- Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species' need for habitat. This proclamation must incorporate a focus on monarch conservation.
- Launch or maintain a public communication effort to encourage residents to plant monarch gardens at their homes or in their neighborhoods. (If you have community members who speak a language other than English, we encourage you to also communicate in that language; Champion Pledges must communicate in that language.)
- Engage with community garden groups and urge them to plant native milkweeds and nectar-producing plants.

Program and Demonstration Gardens

- Plant or maintain a monarch and pollinator-friendly demonstration garden at City Hall or another prominent or culturally significant community location.
- Add or maintain native milkweed and nectar-producing plants in gardens in the community.

Systems Change

- Launch, expand, or continue an effort to change municipal planting ordinances and practices to include more native milkweed and native nectar producing plants at city properties.

Mayor Name	Program Year	Pledge Date	Achievement
City Manager Nicholas McLemore	2024	4/30/2024	

Action Items

In total, how many individuals have been reached through the Mayors' Monarch Pledge in your community this year (Jan-Dec)? Please limit your answer to only the number of individuals reached in the answer field below (e.g., 50).

500

Of the total number of individuals engaged, how many youth (0-18) were reached through the Mayors' Monarch Pledge in your community this year (Jan. - Dec.)? If none, please write 0." (Only allow numerical values.)

200 youth and 300 adults

In total, how many acres of monarch habitat have been created in your city in the last 12 months? Please limit your answer to only the number of acres in the answer field below (e.g., 3).

.25

Where is your habitat being created? This may include residences (yards, containers, balconies, etc.), schools, places of worship, rights-of-way, roadsides, community gardens, culturally-significant locations, shared public spaces and common areas or parks.

Community Gardens, Welcome Center, Public Places

How are you leveraging the Mayors' Monarch Pledge program to engage marginalized communities, such as low-income communities or communities of color?

We had a city wide clean up event and those that participated received flowers and seeds.

What was your community's motivation for taking and continuing to work on the Mayors' Monarch Pledge?

We are a rural town and understand the significance of the pollinators to our survival

What resources have been most helpful to you thus far and what new resources would you like to see to help meet your goals? What resources would be useful to help expand equitable engagement in community processes and access to high-quality, usable nature?

The monthly newsletters

What else should we know about your monarch butterfly conservation efforts over the last year?

We have observed a beautiful number of butterflies inhabiting our gardens

Selected Action Items

Launch or maintain a public communication effort to encourage residents to plant monarch gardens at their homes or in their neighborhoods. (If you have community members who speak a language other than English, we encourage you to also communicate in that language; Champion Pledges must communicate in that language.)

Please describe the methods of public communication below (e.g., printed materials, social media, print media).

Engage with community garden groups and urge them to plant native milkweeds and nectar-producing plants.

Please describe the groups you engaged with and how you engaged with these groups below.

Our community had a gardening group start and they used local plants to start gardens at local churches. We encouraged their growth and expansion

Plant or maintain a monarch and pollinator-friendly demonstration garden at City Hall or another prominent or culturally significant community location.

Upload any relevant documents, images, or other attachments related to your effort on this action.

[IMG_3623.png](#)

Where is the demonstration garden located and how does this location relate to the cultural significance of the monarch (if relevant)? (Please provide an address or coordinates, if possible)

Downtown Cave Spring at the gazebo, this is a historic area.

What community organizations, groups, or leaders (if any) did you partner with or engage to complete this effort?

Our Downtown Development and local merchants

What is the size of the demonstration garden (in acres)? Please limit your answer to only the number of acres in the answer field below (e.g., 0.5 acres). For reference, 1 acre = 43,560 square feet and is about the size of a football field without the end zones.

.20

Add or maintain native milkweed and nectar-producing plants in gardens in the community.

What community organizations, groups, or leaders (if any) did you partner with or engage to complete this effort?

DDA

How many plants were planted?

200

Please describe your effort in completing this action.

Our butterfly garden was maintained throughout the year. We expanded to new areas to also plant.

Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species' need for habitat. This proclamation must incorporate a focus on monarch conservation.

Date of Proclamation:

April 11, 2023

Title of Proclamation (i.e. – Monarch Day or Pollinator Week):

Mayors Monarch Proclamation

Upload a copy of your proclamation.

[IMG_5354.jpeg](#)

Launch, expand, or continue an effort to change municipal planting ordinances and practices to include more native milkweed and native nectar producing plants at city properties.

What community organizations, groups, or leaders (if any) did you partner with or engage to complete this effort?

DDA

What is the status of this action? Please limit your answer to either "complete" or "in progress" in the answer field below.

In progress

If this action is In Progress, please describe your progress and a target date when you plan to complete action.

We started a tree board this year and have increased awareness of the significance to trees and pollinators. It is our hope to have changes made by June 2024.
