VILLAGE OF DOBBS FERRY

DOBBS FERRY, NY

Mayor Christy Knell

Pledge Summary

Dobbs Ferry is a village of approximately 11,000 residents on the Hudson River in Westchester County, New York — the first village in New York State to be certified as a Climate Smart Community. The village is home to Waterfront Park along the Hudson shoreline, the Old Croton Aqueduct Railway, the Juhring Nature Preserve, and a growing network of pollinator gardens tended by community groups including Sustainable Dobbs, the Friends of Waterfront Park, and the Dobbs Ferry chapter of the Pollinator Pathway. Residents and volunteers have installed native pollinator gardens at the 9/11 Memorial, created a River Garden with local high school students, and adopted village green spaces for habitat restoration featuring milkweed, bee balm, echinacea, and other native perennials. Mayor Christy Knell has committed to saving the monarch butterfly and other pollinators with her signing of the Mayors' Monarch Pledge and looks forward to deepening the village's partnership with residents, schools, and community organizations to expand pollinator habitat throughout Dobbs Ferry.

Action Items Committed for 2026

Communications and Convening

- Issue a proclamation to raise awareness about the decline of the monarch butterfly and the species’ need for habitat. This proclamation must incorporate a focus on monarch conservation.
- Engage with gardening leaders and partners (e.g., Master Naturalists, Master Gardeners, Nature Centers, Native Plant Society Chapters , other long-standing and influential community leaders) to support monarch butterfly conservation.

Program and Demonstration Gardens

- Launch, expand, or continue an invasive species removal program that will support the re-establishment of native habitat for monarch butterflies and other pollinators.

Systems Change

- Integrate monarch butterfly conservation into the city’s Park Master Plan, Sustainability Plan, Climate Resiliency Plan or other city plans.
