Village of Sugar Grove

Sugar Grove, IL

Village President Sue Stillwell

Pledge Summary

In 2025 the Village of Sugar Grove participated in the Mayor's Monarch Pledge by encouraging pollinator gardens around the Village, holding a free class for teaching pollinator garden basics, giving out Butterfly Weed to residents and sharing Milkweed Seeds for children participating in our local Halloween event. This year we plan to encourage pollinator gardens in some of our upcoming new developments, continue adding Milkweed to a 20+ acre habitat area and again share Milkweed with residents for their gardens. We are also adding pollinator plants to our local Veterans Park.

Action Items Committed for 2026
