Town of Vestal

Vestal, NY

Town Supervisor Maria Sexton

Pledge Summary

The Town of Vestal is a suburban/rural community of about 32,000 residents situated in the rolling hills between the Susquehanna River and southern border of New York State. The Town maintains 25 parks comprising a total of 768 acres. In a project spearheaded by the Town's Conservation Advisory Commission and with the enthusiastic support of Vestal Town Supervisor Maria Sexton, ground preparation will soon begin for a 1500 square foot native-plant pollinator garden in one of the Town's parks. With increasing community alliances and support, this nascent effort can expand throughout the park system.
