Village of Spring Grove

Spring Grove, IL

President Bob McMahon

Pledge Summary

The Village of Spring Grove is a small, quiet community in North Eastern Illinois, right at the Wisconsin border. Our community is rooted in nature, founded by farmers in the early 1800's. The Nippersink Creek meanders through our community and has been a wonderful source of natural beauty and recreation. Conservation of green, open spaces are a cornerstone of our Village and our comprehensive land use plan reflects that. As our community continues to grow and move forward, we would like to reaffirm our commitment to our natural roots.
